

I Have Convinced the People at Last!

It has been a hard struggle for me to rise from a peddler with a wagon, only a few short years ago, to the proprietor of one of the largest and best stores in the whole State of Kansas. It has been a hard battle to fight, to prove to the people of Topeka that I am selling them the same quality of merchandise from 30 to 60 per cent cheaper than other merchants, but I have succeeded at last, and have convinced even the most skeptical that my store is the one store for them to do their trading in, if they value the money saving opportunities I offer them, not only today but every day in the year.

Did you read my page of comparisons in last Friday's State Journal? Did you save it for future reference? Below you will find it again if you haven't already saved it, by all means do so now.

You can get credit on these cash prices. Come and open an account with me, it will make shopping easy for your family.
